

## **Head Robot Project**

**Sorocaba , Brazil  
2020**

## **Biografia**

### **Kaicon Ricardo Paes Marcino de Almeida**

Born in the city of Apiaí, located in the state of São Paulo, Brazil He is currently majoring in Information Technology Management. He has some experience in the Industrial Automation area where he has already worked as an operator of an automated station for treatment and disposal of lathes waste. Has technical courses in C Sharp programming language but did not work on software development in a professional way being an amateur in areas such as electronics, robotics, and even in music where he plays violin, piano.

## **Abstract**

Again I've been gathering my ideas, forgive my inability to write

**Sorocaba  
2020**

## Summary

1. Head transplant surgery	5
2. Electronic Simulation	
3. Electronic board	
4. Control software for robot head	
5. head neck coupling	6
6. Head robot research project	7
7. Robotics	
8. Electronics	
9. Programming	9
10. Solenoid valve	
11. Mechanics	
12. Parts List for Assembly	
13. Actuator with Screw Thread
