ACT NATURALLY

(Johnny Russell - Voni Morrison)

They're gonna put me in the movies
They're gonna make a big star outta me
They'll make a film about a girl who's sad and lonely
And all I gotta do is act naturally.

Well I'll betche I'm a gonna be a big star
Might win an Oscar you can't never tell
The movies are gonna make me a big star
'Cause I can play the part so well.

I hope you come to see me in the movies
Then I know that you will plainly see
The biggest fool that's ever hit the big time
And all I gotta do is act naturally.

(Instrumental break)

We'll make a scene about a girl that's sad and lonely
And beggin' down upon her bended knees
I'll play the part but I won't need rehearsing
All I gotta do is act naturally.

Well I'll betche I'm a gonna be a big star
Might win an Oscar you can't never tell
The movies are gonna make me a big star
'Cause I can play the part so well
And all I gotta do is act naturally and all I gotta do is act
naturally.

ALONE WITH YOU

(Roy Drusky - Lester Vanadore - Faron Young)

How I love to be around you when the lonely night surrounds
you

How I love to be alone with you

How I love to have the power to read your mind one hour

How I love to be alone with you.

Just to be with you one night you and me alone

Kiss your lips and hold you tight have you for my own

This would be a joy unending could be a real beginning

How I love to be alone with you.

(Instrumental break)

How I love to be around you when the lonely night surrounds
you

How I love to be alone with you

If I only knew for certain I'd cut out all my flirtin'

How I love to be alone with you.

Just to be with you one night you and me alone

Kiss your lips and hold you tight have you for my own

This would be a joy unending could be a real beginning

How I love to be alone with you

I love to be alone with you.

ANOTHER MAN LOVED ME LAST NIGHT

(Lorene Allen - Peggy Sue Wells)

He doesn't know that I can't look him in the eyes
Or that I can't speak or I'll start tellin' lies
I hope he thinks that I'm just moody and quiet
But another man loved me last night.

Yes, another man loved me last night
I'd almost forgotten what love was really like
But I'm only human only a woman
I let another man love me last night.

(Instrumental break)

While he's sleepin' well I'm cryin' here awake
Not bein' loved was more than I could take
Though it was wrong there in his arms it seemed so right
When another man loved me last night.

Yes, another man loved me last night
I'd almost forgotten what love was really like
But I'm only human only a woman
I let another man love me last night.
