

To my five beloved children, who grew up painting  
and bringing drawings like these to life with love  
and creativity. May this book about colorful  
dinosaurs inspire even more adventures and  
dreams in your lives. With all my love,  
Gisele Dias da Silva Santos

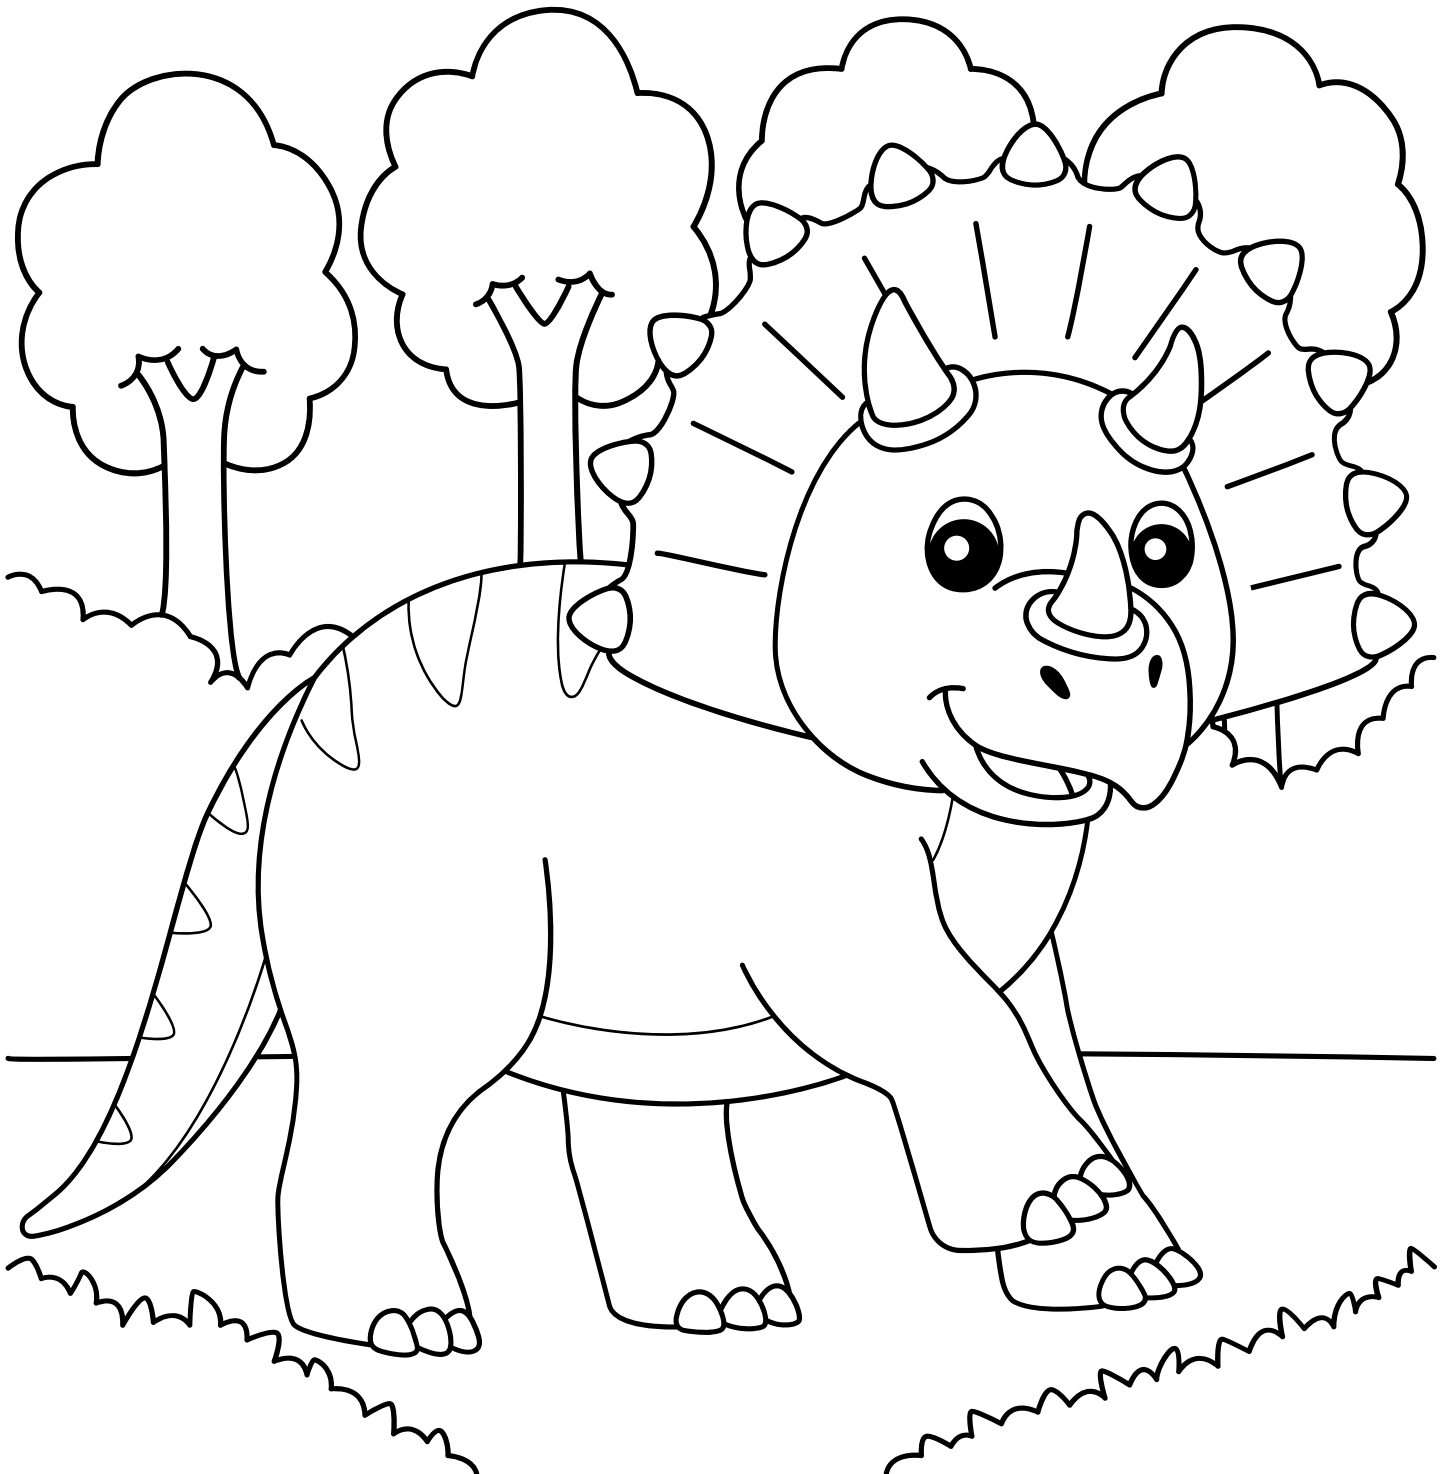

Did you know that dinosaurs were huge creatures that lived on Earth a long time ago? They came in different shapes and sizes and were really cool!

I am a  
Dinosaur

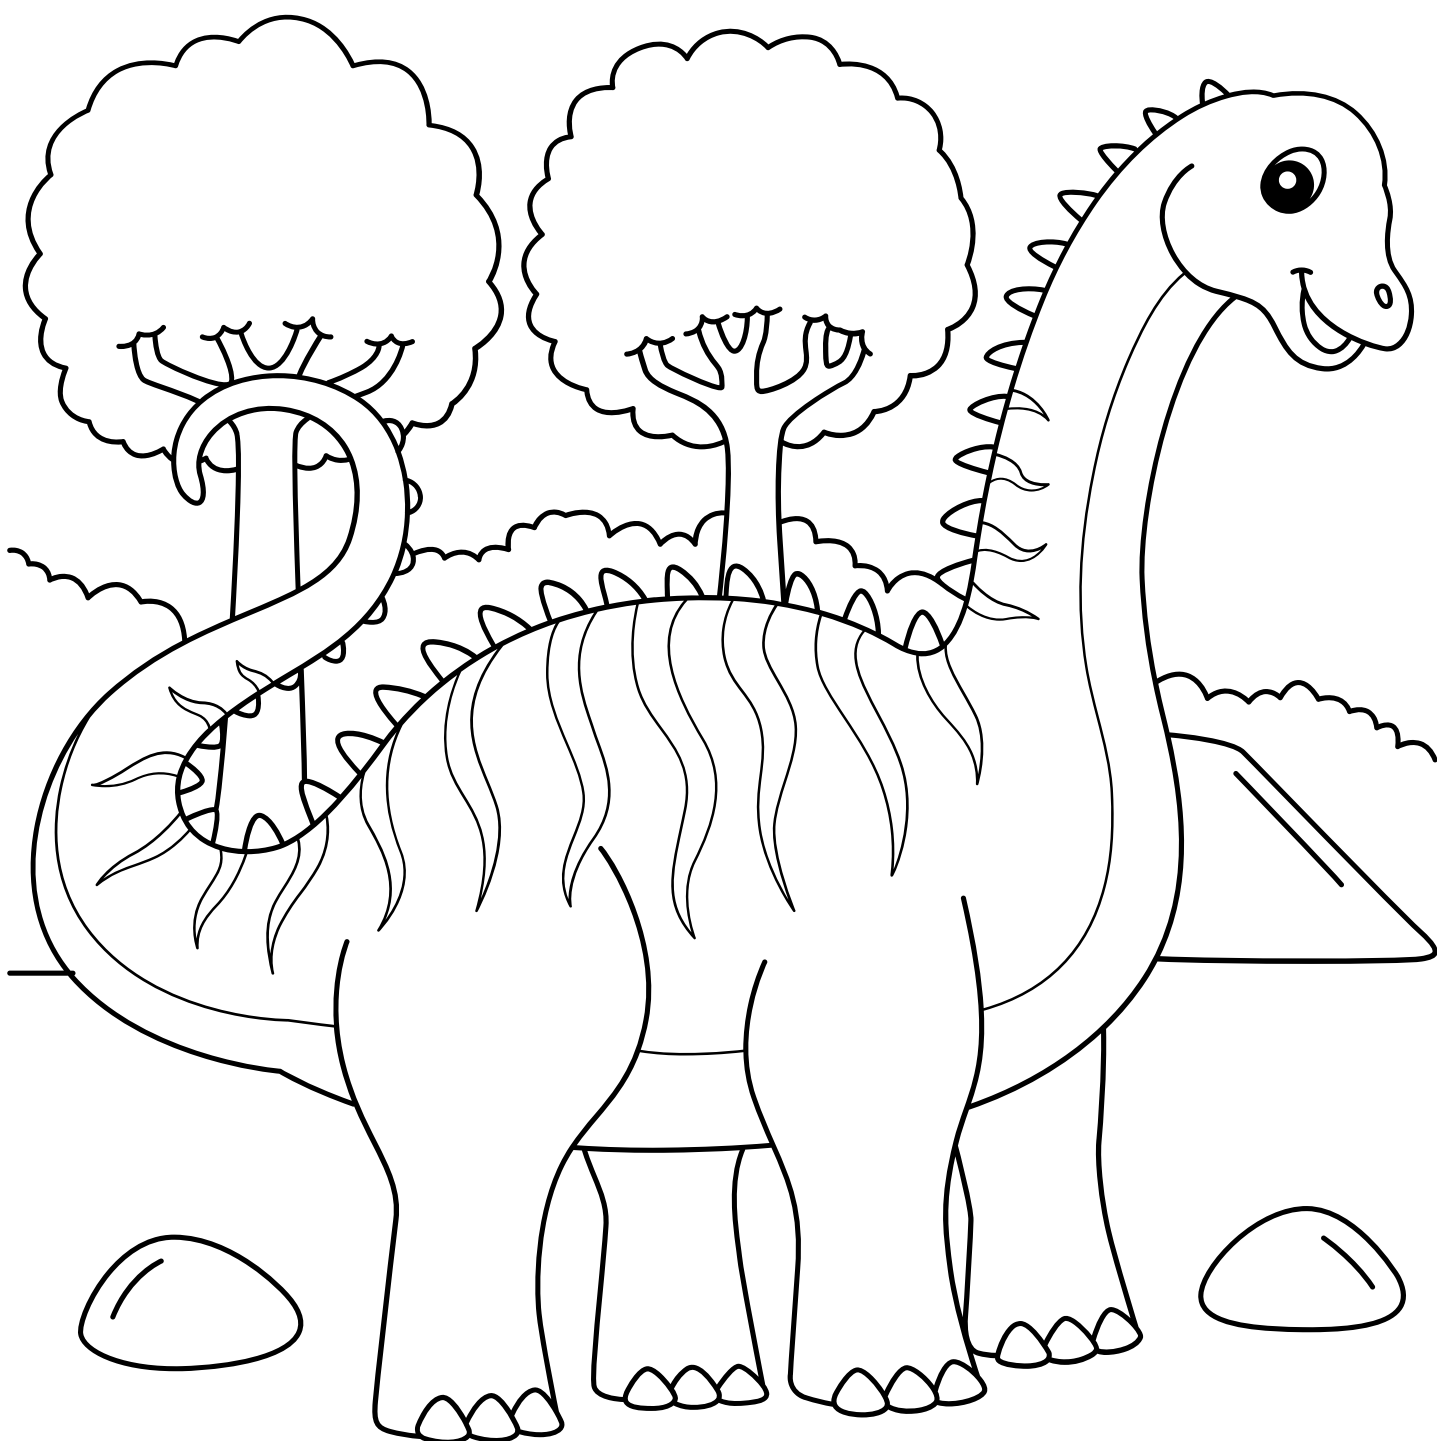

The triceratops was a dinosaur with three horns on its head and a big shield. It used those horns to protect itself and had a very big body

I am a  
triceratops

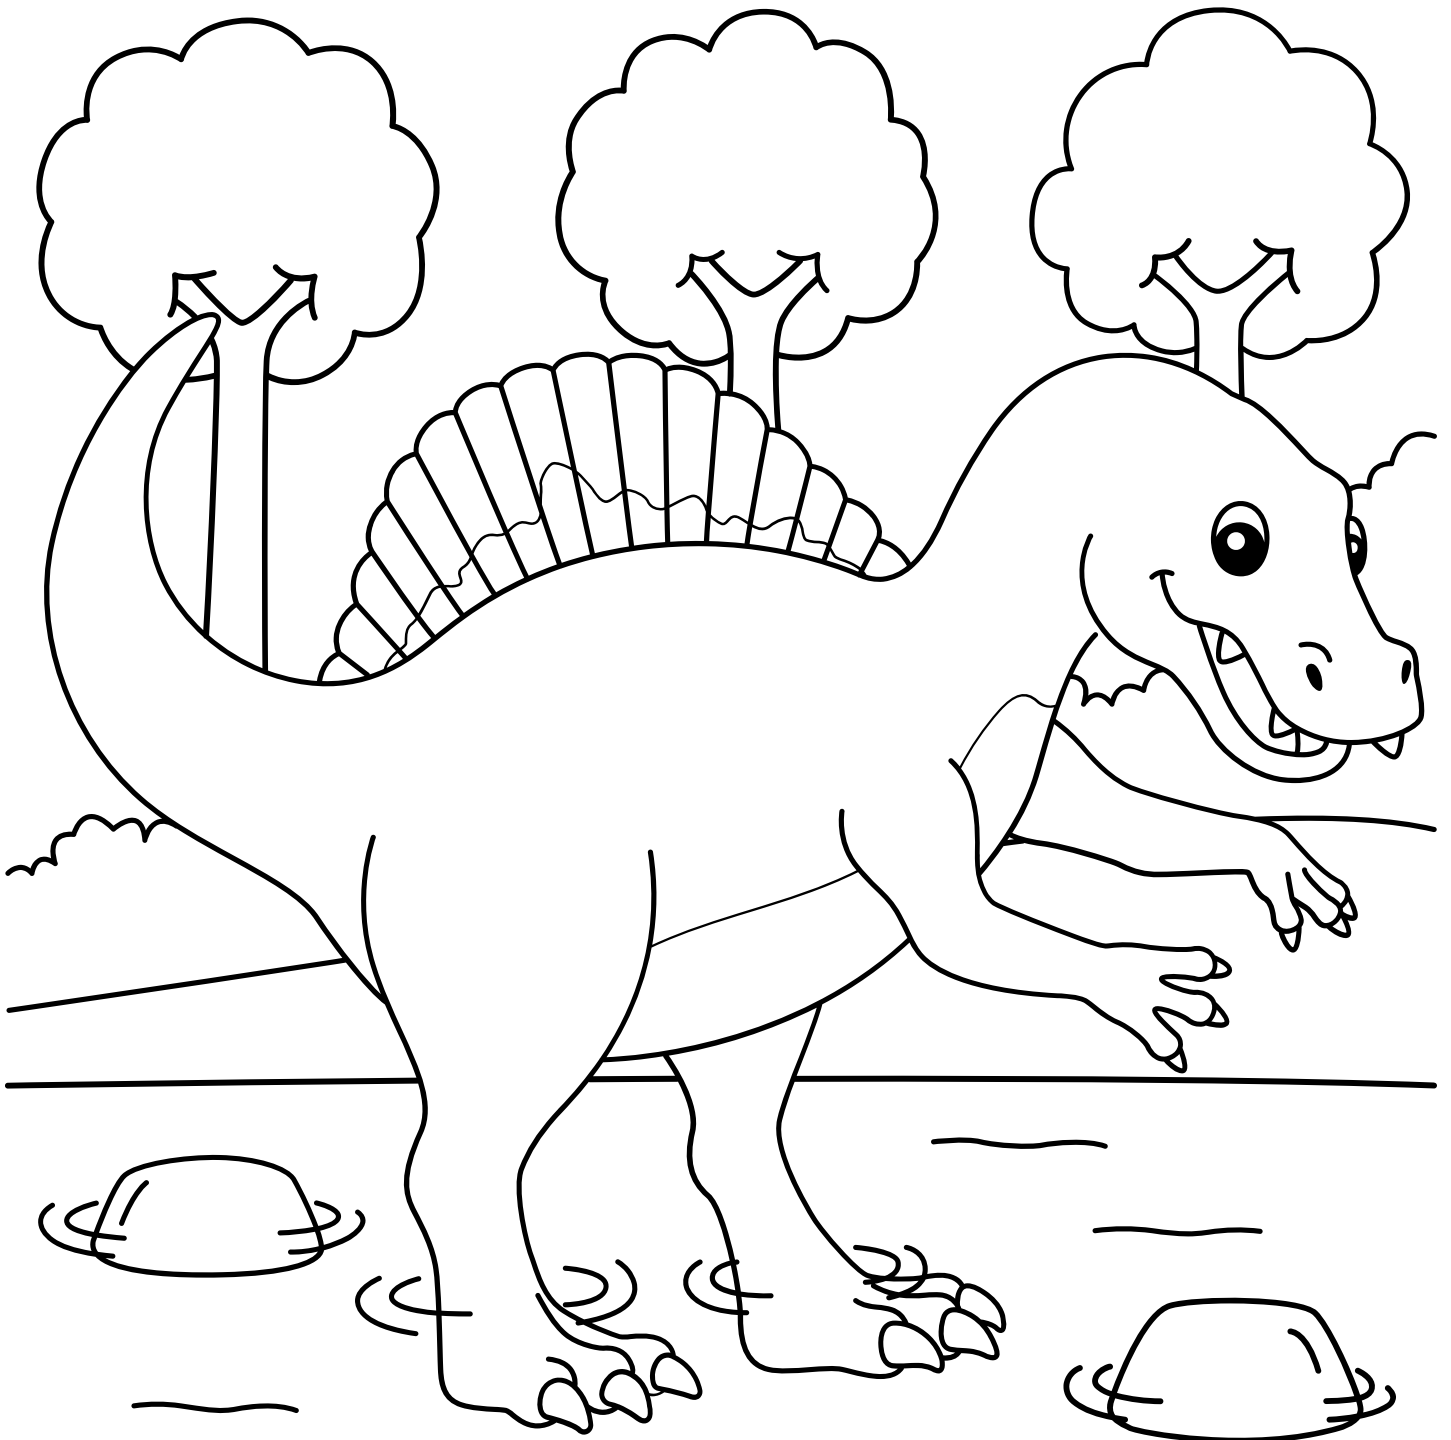

The diplodocus was a very long dinosaur with a huge neck and tail. It used its long neck to reach high leaves on trees!

I am a  
diplodocus

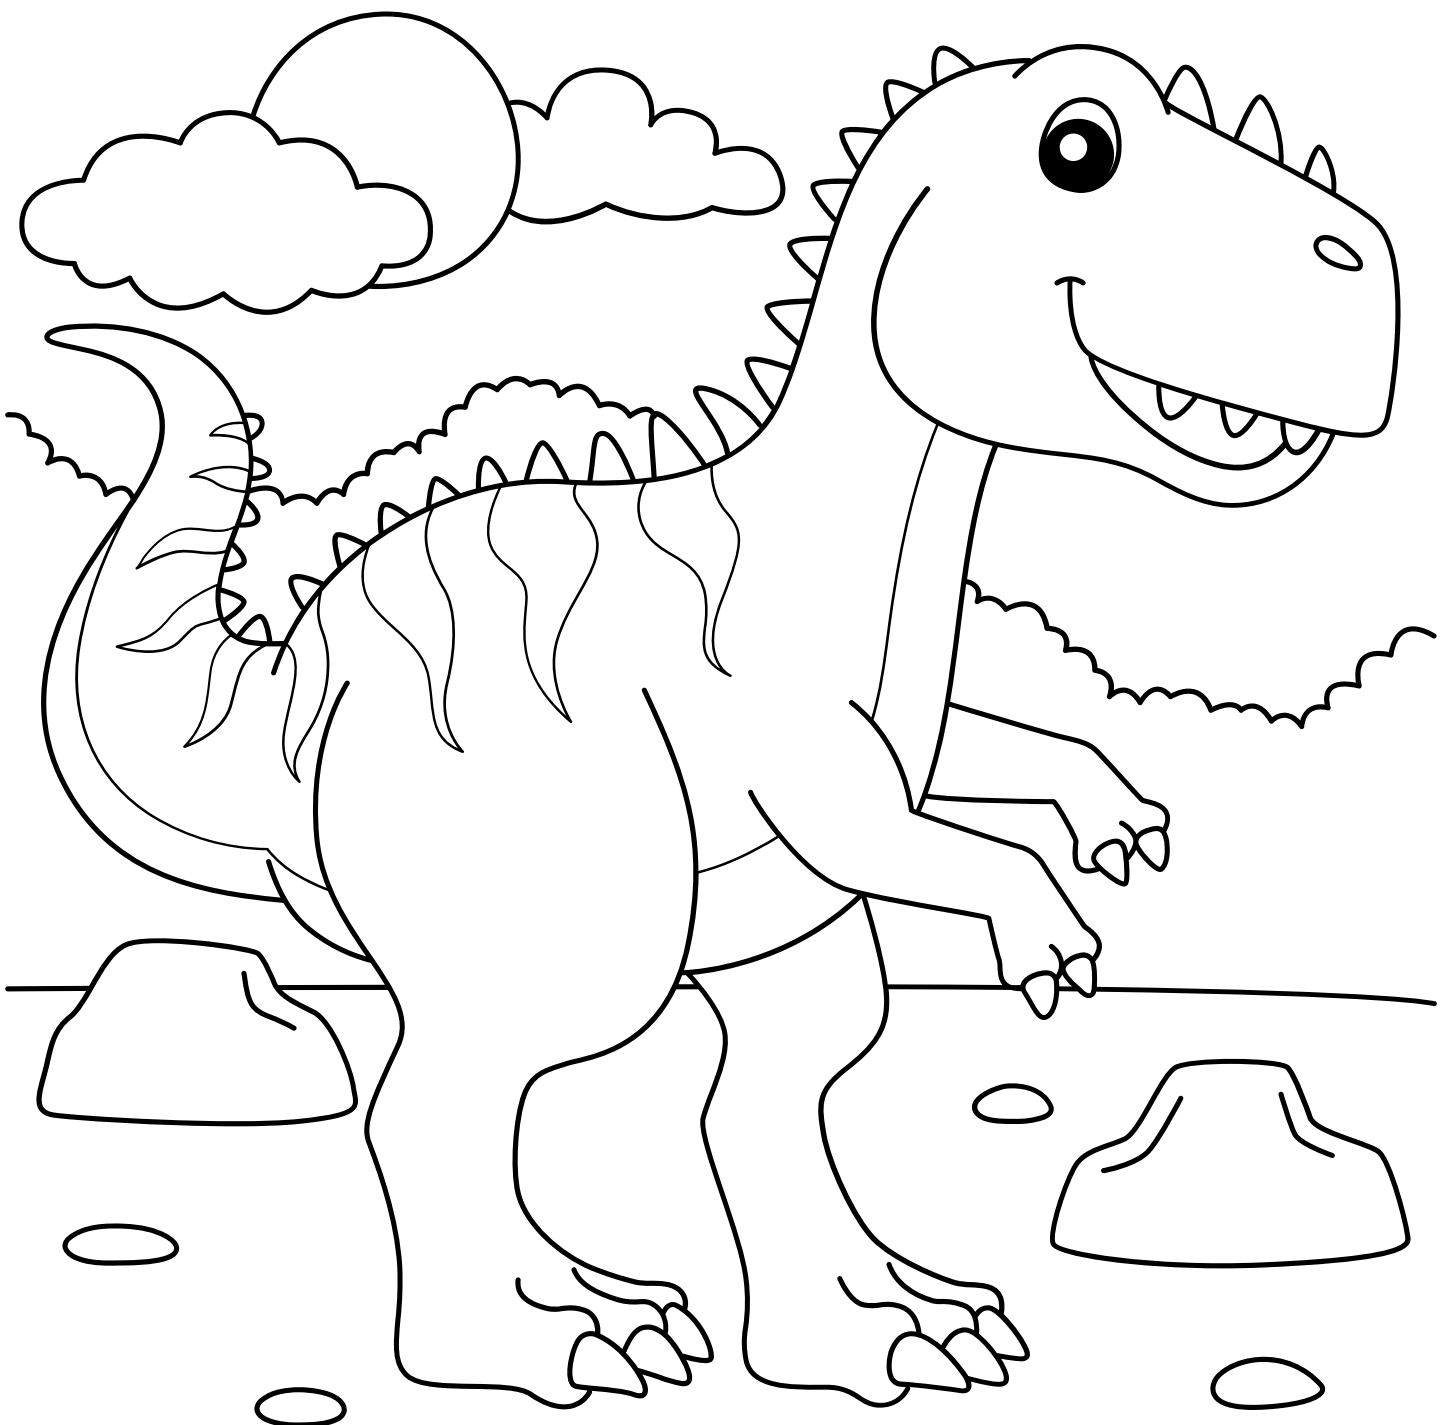

The Spinosaurus was a big dinosaur with spikes on its back and a beak like a bird's. It liked to live near water and hunt for fish!

I am a  
Spinosauru

The Gigantosaurus was a huge dinosaur with a very big and strong body. It walked on its back legs and was one of the largest dinosaurs that ever lived!

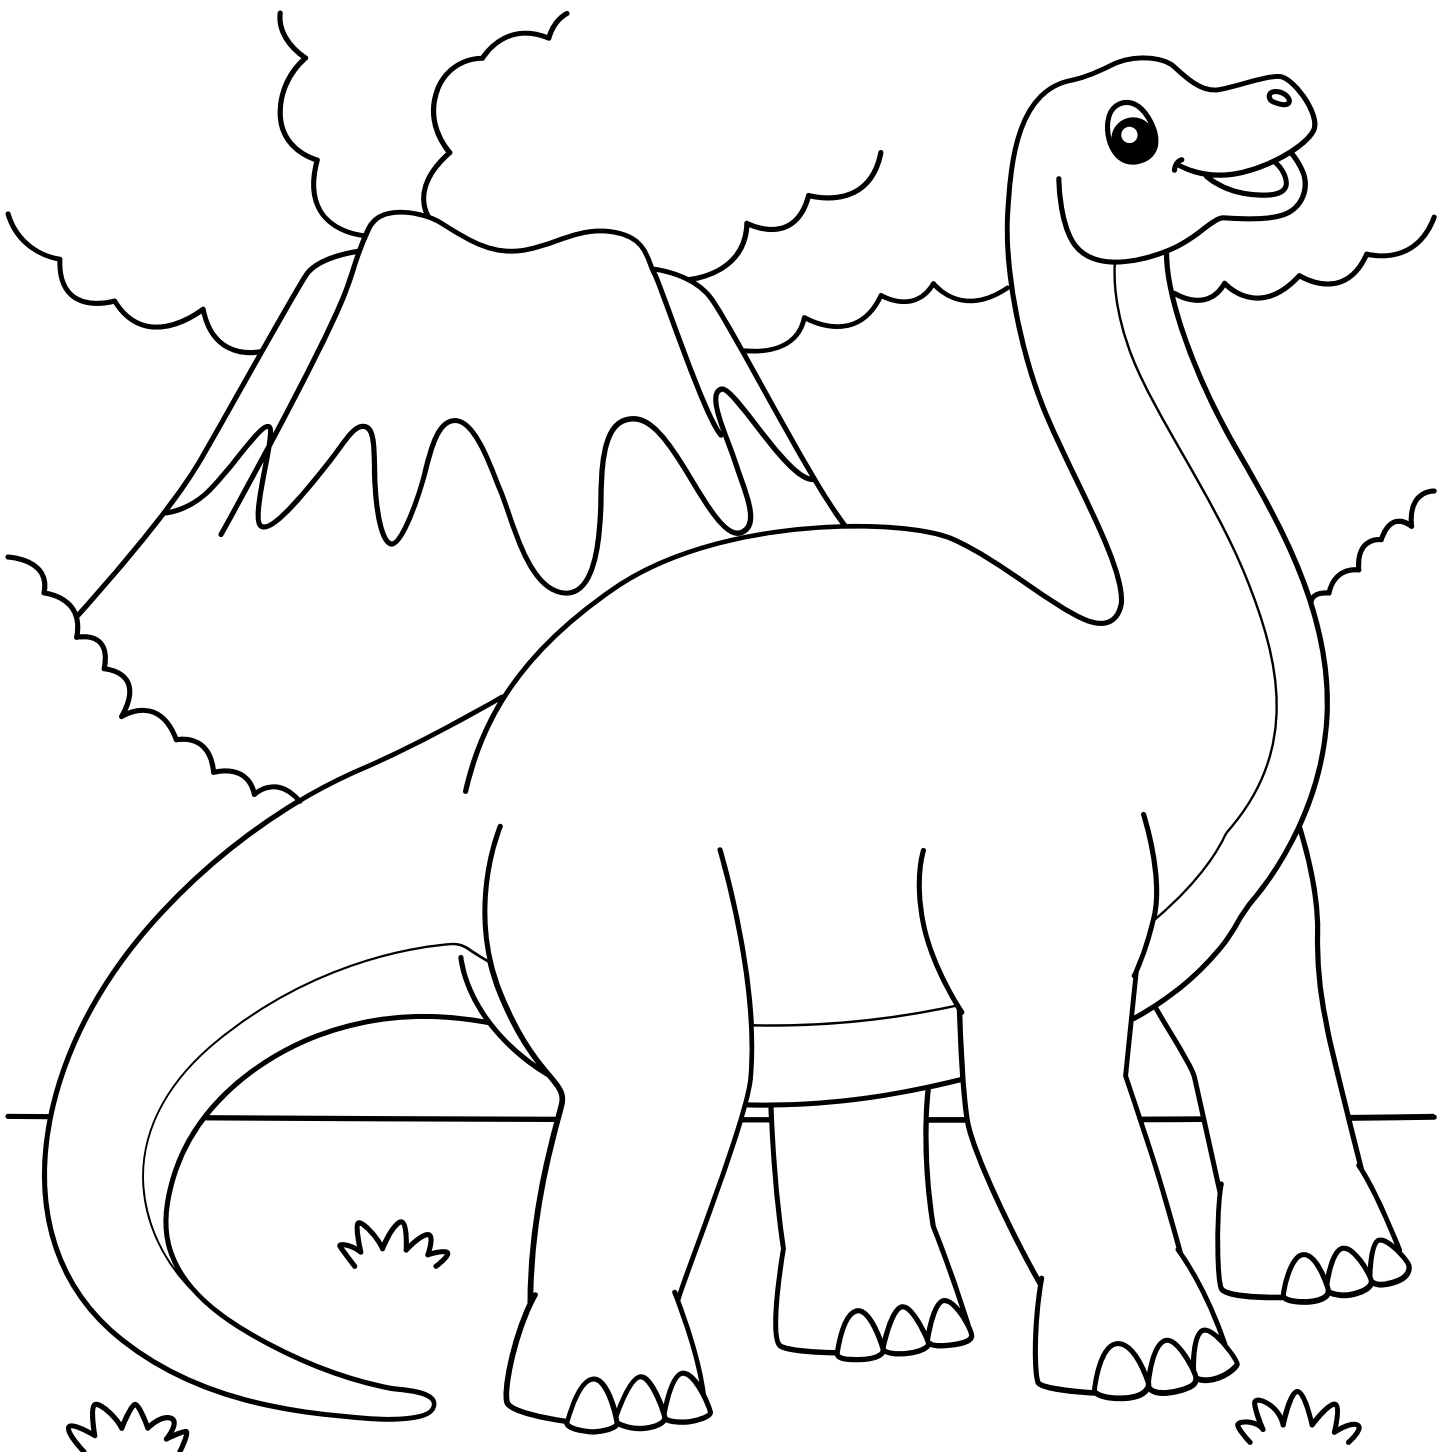

I am a  
Gigantosaurus

The Brontosaurus was a giant dinosaur with a long neck that lived a long time ago and loved to eat leaves from trees. People thought it was another dinosaur, but then they discovered it was special.

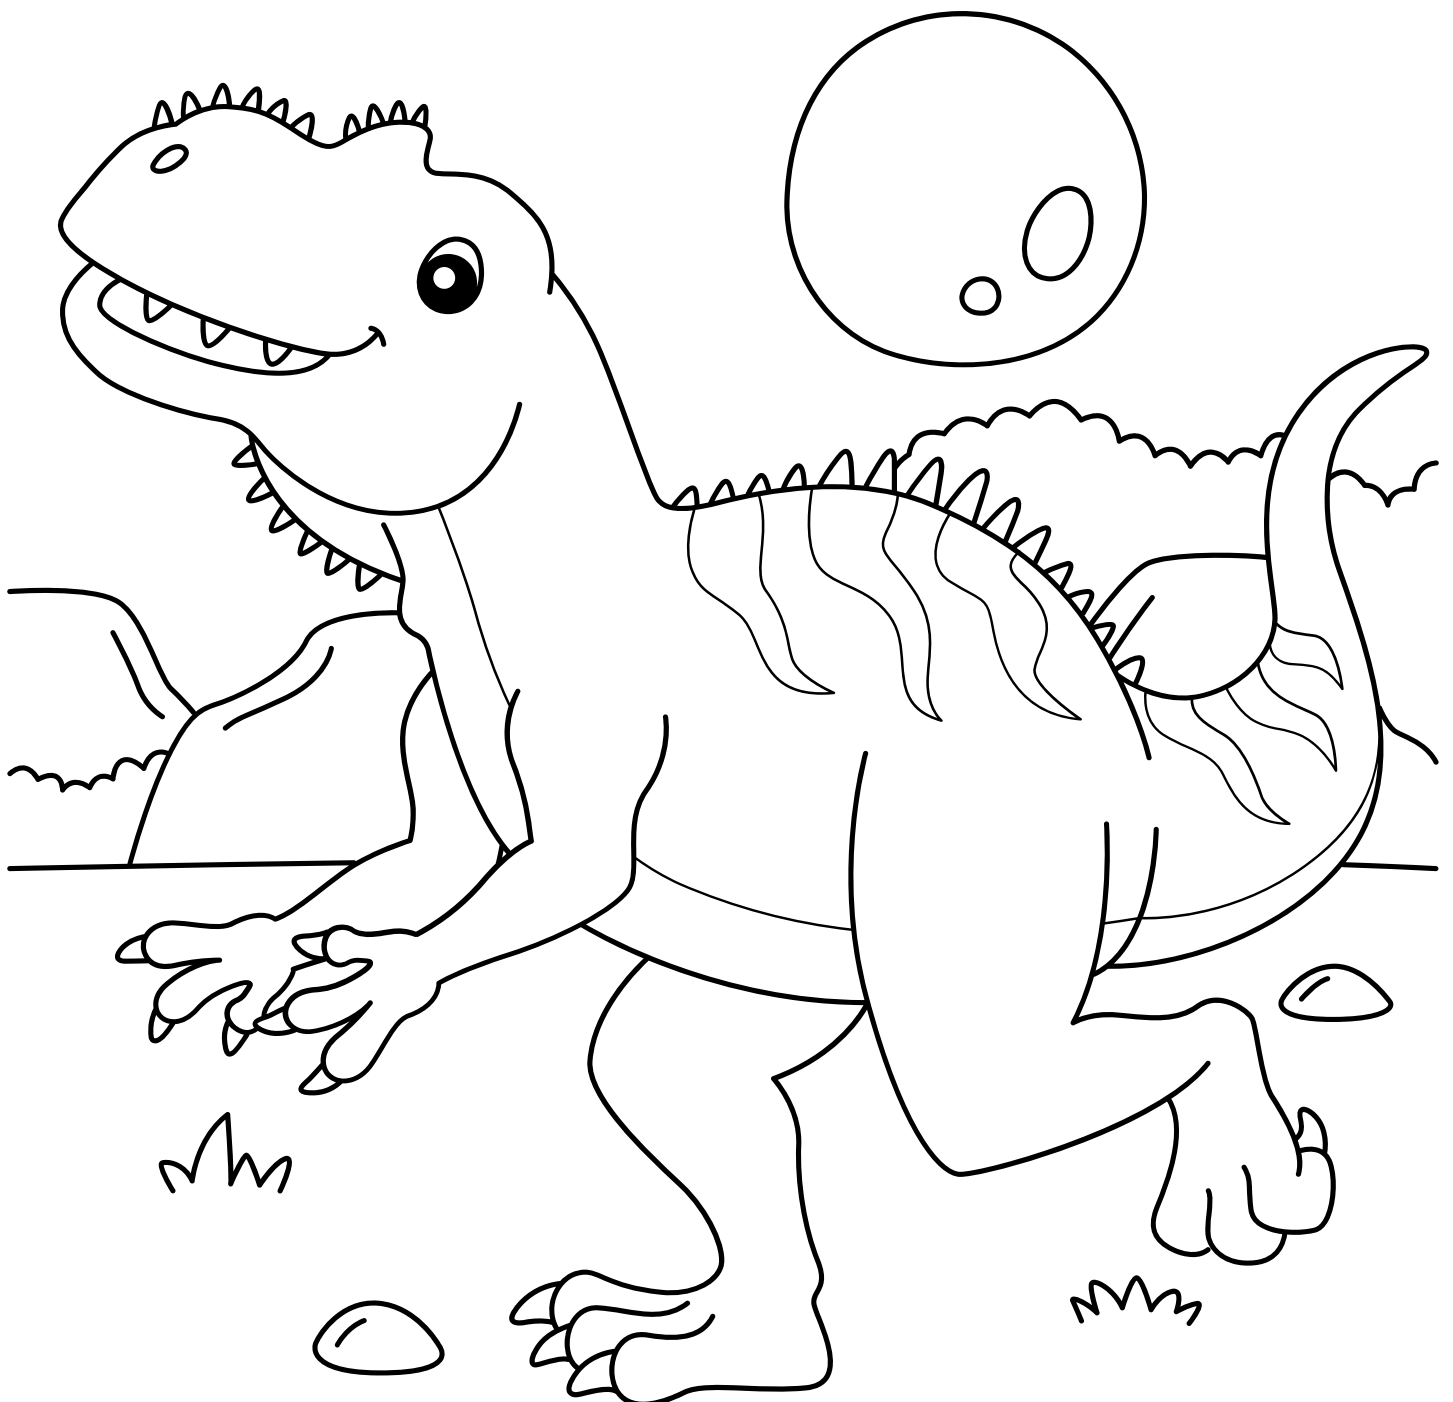

I am a

Brontosaurus

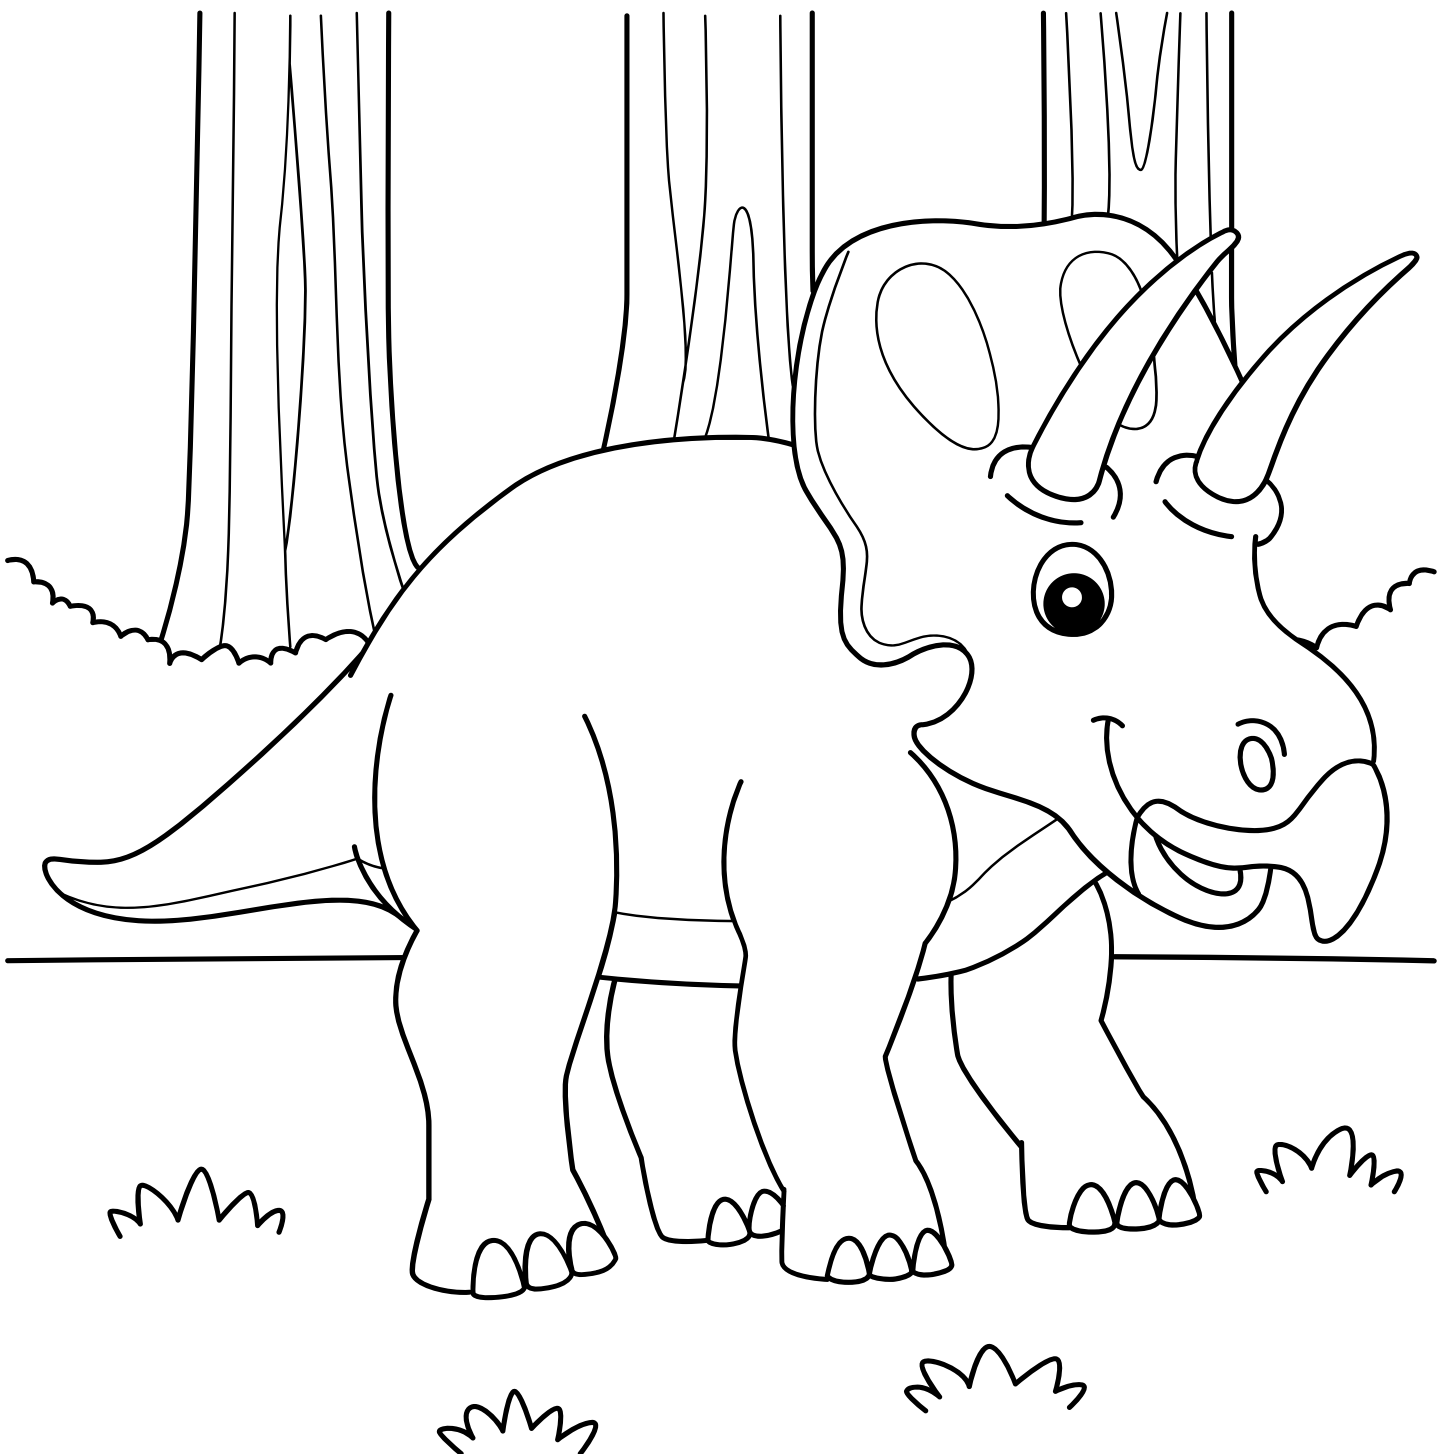

Yangchuanosaurus was a large and ferocious  
carnivorous dinosaur that lived a long time ago. It had  
sharp teeth and hunted other dinosaurs for food.

I am a  
Yangchuanosaurus

The Zuniceratops was a dinosaur with two horns on its head that lived a long time ago. It liked to eat plants and was very peaceful.

I am a  
Zuniceratops

The Ekrixinatosaurus was a fast and strong dinosaur that lived a long time ago. It hunted other dinosaurs with its sharp teeth.

I am an  
Ekrixinatosaurus
